Celebrating the Best Of British Mosques

Beacon Mosque Awards

The Beacon Mosque Awards are the first in the world of its kind. They celebrate the work of Islamic institutions and the people who run them in 10 important categories.

The Beacon Mosque Awards were created to highlight the pivotal role Mosques and Islamic centres play in local communities and the contributions they make to the social fabric of society.

The initiative encourages institutions to "strive for excellence" in a variety of ways. This includes youth services, outreach, Mosque maintenance, supporting the vulnerable, future innovative programmes and services as well as the practice of inspirational management and governance.

This is the 8th edition of the Beacon Mosque Awards, which has now become a consistent in the yearly calendar for Mosques and Muslims in the United Kingdom.

SHAUKAT WARRAICH CEO - FAITH ASSOCIATES DIRECTOR - BEACON MOSQUE

It is with both pleasure and deep gratitude with the grace of Allah (SWT) that I have the opportunity to celebrate in person the amazing work of our UK Mosques at the 8th British Beacon Mosque Awards 2025.

The British Beacon Mosques Awards is helping to raise the vision of a 21st century Mosque and with the grace of Allah (SAW) its being visualised Alhamduillah.

The awards are taking place at a time when there has been total devastation inflicted on Gaza, and over 70,000 Palestinians have been killed. Mosques have risen to the challenge to raise the voice for Palestinians, as we help raise much-needed funds for the millions who have been displaced. The support they have galvanised in the communities is incredible, mashallah.

Mosque resilience has been tested this year with increased attacks and intimidation. Mosque leadership and Imams have been helping to support communities, but its own physical infrastructure is being tested. Protection of our Mosques and Madrassah has become a serious priority

Mosque leadership and the partnership that need to be developed the Police, local authorities and other faith communities has become an important pillar in building community resilience. I am pleased to see that over the year these relationships are becoming stronger in certain areas in the UK.

Another encouraging development, i have observed this year, is the increasing participation of Muslim Women in driving change and developing services. Women's participation in decision-making in Mosque affairs has always produced positive results for all involved.

The Beacon Mosque concept with its related beacon standards are rooted within the "Madni Model". At its core is Service, Compassion and Gratitude. Articulated and expressed in the ways (Sunnah), methods and pronouncements of the final Prophet of Islam, Muhammed ﷺ.

8th Beacon Mosque Awards

The initiative by Brother Shaukat Warriach of Faith Associates to recognise mosques and their services is truly visionary and much needed. The awards itself is an incentive for other mosques and institutions to aspire to higher standard of service and showcase their work and share best practice that people can appreciate and learn from.

Mosques should not be only for offering your 5 times prayers, Jummah Salaat and Eid prayers but a hub for the community, as it was in the times of Prophet Muhammad SAW.

A good Mosque today should be:

- Spiritually uplifting: A place of prayer and reflection.
- Educational: Teaching faith and practical life skills.
- Socially supportive: Offering charity, counselling, and community care.
- Culturally enriching: Preserving heritage while embracing diversity.
- Civically engaged: Building bridges with wider society.

It is encouraging to note that Mosques today are changing in terms of their service and if I may expand on the above as to what some of our Mosques are offering today in the United Kingdom.

- Community services: Food banks, refugee support, and charity drives are common.
- Health & wellbeing: Many mosques host vaccination clinics, blood drives, and mental health awareness programs.
- Youth engagement: Sports clubs, tutoring, and mentorship help young Muslims stay connected.
- Interfaith dialogue: Strong emphasis on building bridges with churches, synagogues, and civic groups.

The challenges that Mosques are facing today are one of security, inclusivity, delivering service that are required by the community they serve. My request is that all Mosques should work together and be inclusive whilst respecting the differences. We need to run our institutions professionally and not only rely on volunteers as governments will try to impose regulations. However, we should never compromise our beliefs.
